

Release Notes

RCS – Remote Court Scheduling

Release 4.15

Date: December 14, 2016

Expansion of RCS Booking Statistics SR 38145

Expanding of statistics within RCS to include more detail about how Users are using the system. This is essential for value metrics. It will also reduce manual statistic gathering by Court Services.

Booking Statistics Screen, with new search fields for “Lead Type” and “Appearance Type”

Home > RCS Analytics > Booking Statistics

Start Date: 11/28/2016 End Date: 12/26/2016

Court Location: Edmonton Provincial Criminal Booking Type: Assignment Courtroom, Ball Hea

Appearance Type: Bail Hearing, Preliminary Hearing, M Confirmation Type: Mandatory Court Appearance, R, M

Lead Type: Dre-book, Regular

						Regular		
							Summary Disposition	1

Add validation not to pass empty Defence name SR 56908

A limited number of bookings passed through RCS to Trial Coordinators for processing with multiple empty fields. This enhancement will stop any future blank bookings to pass successfully from RCS.

Distinction between a Remote Booking and a Pre-Book SR 65896

RCS bookings no longer distinguished between a Remote or a Pre-book. RCS bookings will now be titled correctly in order to align with business rules.
