

# Release Notes

## RCS – Remote Court Scheduling

Release 4.16  
April 19, 2017

### **Technology Upgrades SR 38158**

---

This is a re-design and re-write of JOIN-CMO Search interface to make use of modern technologies and thereby modernizing the JOIN service interfaces. Minor changes could be noticed in the wording of returned errors.

### **Technology Upgrades SR 71729**

---

A technology lifecycle and sustainment change. Upgrades to the .Net nuget packages used in RCS and JaaS web projects. The application's target .NET version will be updated.
