

**FAMILY LAW PRACTICE NOTE 5
ALLEGATIONS OF SEXUAL ABUSE
Effective January 2, 2026**

1. This Practice Note applies to family law actions where one parent makes an allegation of child sexual abuse against the other parent, or someone in his or her household, and is intending to raise the allegation in court proceedings for parenting or contact. The Court expects that the parent making the allegation will have reported the matter to the police and the designated office of Children's Services in the appropriate region.
2. In these circumstances, counsel for the party making the allegation or if self-represented, the party shall forthwith provide a completed Notification in Form 1 to the Clerk of the Court in the appropriate judicial centre. A judge hearing an application for parenting or contact may direct that a Notification in Form 1 be completed by a party to the proceeding.
3. Upon receipt of the Notification in Form 1, or upon receiving a complaint, a special investigator designated by Children's Services shall complete a Child Protection Screening [Form 2 or a Report in a similar format]. The information provided to the special investigator will be assessed in light of the provisions of the [Child, Youth and Family Enhancement Act](#), RSA 2000 cC-12 to determine if there are grounds for investigation. A copy of the completed Form 2 (or the Report) shall be forwarded to the designated Justice in the appropriate Judicial Centre. If the Parties have been assigned a Mandatory Intake Triage (MIT) Justice, that Justice will be provided with the Form 2 (or the Report).
4. If the information obtained from the Child Protection Screening requires further investigation, the special investigator shall ensure that a Child and Family Services Investigation proceeds forthwith and may, for that purpose, utilize the assistance of the appropriate police authority as required. The special investigator shall complete an investigation report and attach it to a completed Form 3 or provide a Report in a similar format, and this shall be forwarded to the designated Justice or, if applicable, the assigned MIT Justice in the appropriate Judicial Centre.
5. The special investigator from Children's Services and the police authority or either of them shall be entitled to consult with other professionals if required during the course of the investigation, who may prepare a Specialized Referral Report (Form 4). The special investigator will forward any reports to the designated Justice or, if applicable, the assigned MIT Justice in the appropriate Judicial Centre.
6. All reports received from Children's Services will be placed in a sealed envelope on the court file, and the parties shall be notified of receipt of the Forms/Reports. The parties or their respective counsel shall be entitled to receive a copy unless in the Court's discretion it

is not in the children's best interests to do so or the report does not pertain to the issue before the court.

7. Upon receipt of a Report pursuant to paragraphs 3 or 4 of this Practice Note, the designated Justice, or if applicable, the MIT Justice will hold a case conference to consider changes to parenting or contact, and whether the action should be subject to further review or applications before a MIT Justice.
8. If the action is directed into case management under Rule 4.13, all applications shall be brought before the assigned case management Justice.
9. This Practice Note applies to the Judicial Centres of Edmonton, Calgary, Grande Prairie, Red Deer, Lethbridge and Medicine Hat.

COURT OF KING'S BENCH OF ALBERTA
